PENTAIR FLOTEC

Introducing the Flotec Eco

Domestic garden pumps built to perform.

ECOJET EJM Series

Composite Construction

Key Technica

Self-Priming Technology
Allowing pump to lift liquid when the suction pipe are not flooded at start-up.

Electronic Auto Control
Intelligent Pressure Controller automatically starts and stops the pump on demand - fully automatic operation.

Thermal Motor Protection
Built-in overload protection - interrupt power to motor at abnormal conditions and prevent permanent motor damage.

Model	EJM40	
Casing Material	Moulded Composite	
P1	600 W	1
P2	370 W	
Max Head	35 m	
Max Flow	50 lpm	
Max. Suction Depth	7 m	
Inlet/Outlet	1" FI x 1" MI	
Power Cable Type	H07RN-F 1.5m	
Protection Class	IPX4	
Max. Liquid Temp	35 °C	
Package Dimension	365 x 225 x 225 mm	410 x 2
Package Weight	6.5 kg	

EJM40, EJS40	
EJM80, EJS80

ECOJET EJS Series

Stainless Steel Construction

l Advantages

Dual Body Options
Moulded composite (EJM) for standard applications. Stainless steel (EJS) offer greater strength and durability.

IPX4 Weather Resistance
Splash-proof enclosure to better handle minor water exposure and humidity.

Compact Footprint
Smaller foot print offer better portability and easier installation in tight areas.
